

Replicant - Feature #1913

f-droid: create an interim solution

03/06/2019 10:29 PM - Denis 'GNUtoo' Carikli

Status:	New	Start date:	03/06/2019
Priority:	Normal	Due date:	
Assignee:	Denis 'GNUtoo' Carikli	% Done:	0%
Category:	Freedom	Estimated time:	0.00 hour
Target version:	Replicant 6.0 0005	Spent time:	0.00 hour
Resolution:		Grant:	
Device:		Type of work:	Any programming languages (scripts, C, etc), System administration

Description

F-droid will be removed in the next release, because we have a new plan to make it compliant again that is way better in the long run but will take more time.

In the meantime we had the idea at the FOSDEM 2019 to ship a zip with the f-droid APKs, where the signatures have been previously verified.

History

#1 - 03/06/2019 11:00 PM - Denis 'GNUtoo' Carikli

- Target version changed from Replicant 6.0 0005 to Replicant 6.0 0004

#2 - 03/06/2019 11:01 PM - Denis 'GNUtoo' Carikli

we need to do that if we remove the f-droid apk.

#3 - 03/08/2019 03:51 PM - Denis 'GNUtoo' Carikli

The f-droid repository is huge:

```
$ git clone https://gitlab.com/fdroid/fdroidserver.git
$ cd fdroidserver
$ ./fdroid mirror https://f-droid.org/repo/
ERROR: this command should never be used to mirror f-droid.org!
A full mirror of f-droid.org requires more than 200GB.
```

#4 - 05/21/2019 01:39 PM - Denis 'GNUtoo' Carikli

- Category set to Freedom

#5 - 10/08/2019 10:41 PM - Joonas Kylmä

This seems to be an additional zip distributed in addition to Replicant image so this doesn't have to be finished before 0004 is released but could probably be done afterwards too.

#6 - 10/22/2019 05:11 PM - Denis 'GNUtoo' Carikli

- Target version changed from Replicant 6.0 0004 to Replicant 6.0 0005

#7 - 10/22/2019 09:35 PM - Denis 'GNUtoo' Carikli

- Tracker changed from Issue to Feature

#8 - 03/24/2021 12:26 AM - _I3^ RELATIVISM

- Type of work Any programming languages (scripts, C, etc), System administration added
