I found this:

- <https://www.ti.com/product/DM3730/technicaldocuments>

- <https://www.ti.com/lit/ug/sprugw9q/sprugw9q.pdf>

- HTML online reference (unmaintained): https://processors.wiki.ti.com/index.php/AM/DM37x_Overview

and several links from

<https://www.element14.com/community/docs/DOC-39644//texas-instruments-amdm37x-based-tmdsevm3730-evaluation-module> with especially

https://www.element14.com/community/servlet/JiveServlet/downloadBody/39232-102-4-224259/TI.User_Guide_1.pdf

Is this what you're looking for?

<https://www.ti.com/lit/ds/symlink/dm3730.pdf> or https://e2e.ti.com/support/legacy_forums/omap/f/447/t/163690?DM3730-technical-reference-manual ?
