

Replicant infrastructure - Issue #2261

Add and upstream support for matterbridge in Guix

06/04/2021 03:36 PM - Denis 'GNUtoo' Carikli

Status:	Resolved	Start date:	06/04/2021
Priority:	Normal	Due date:	
Assignee:	Denis 'GNUtoo' Carikli	% Done:	0%
Category:	Patch upstreaming	Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Hosting infrastructure:	VM @ FSF	Type of work:	Build system integration, Unknown
Description			

History

#1 - 06/04/2021 03:40 PM - Denis 'GNUtoo' Carikli

I've sent a patch for it in Guix: <https://issues.guix.gnu.org/48810>

I've no idea yet if it will be accepted or not though.

#2 - 06/07/2021 07:31 PM - Denis 'GNUtoo' Carikli

- Status changed from New to Resolved

- Assignee set to Denis 'GNUtoo' Carikli

It's now merged. I've also updated the Replicant matterbridge instance git to use the upstream matterbridge.
