Description

I have a Samsung Galaxy Mega that is using android 4.2.2 , I am not sure which Galaxy model to choose for my installation ?? I selected GalaxyS3 from the Category section but I don't know if my phone is and S3 or S2 or Note or S or Galaxy Tab....etc.? Any suggestions or help would be appreciated.

- Status changed from New to Rejected

- Resolution set to invalid

The Galaxy Mega is not supported by Replicant, so you cannot have Replicant running on it unless you do the port yourself.

Moreover, a bug report is not fit for such a question: use our forums instead!
